A: You can use array in the second parameter of make. You can use both id and specific value, see this example. $this->layout()->content = View::make('frontend.index.jobs',array('job'=>$this->Job->find('all')->where(array('id'=>'1')))); /* * This Source Code Form is subject to the terms of the Mozilla Public License, v. 2.0. * If a copy of the MPL was not distributed with this file, You can obtain one at */ using System; using System 3da54e8ca3`
