Dec 19, 2564 BE - Coub is a YouTube for video loops. You can take any video, trim the best part, merge it with other videos, add a sound track. And that's all you need! It's simple, it's easy, and you can do it with an app you already have on your smartphone. So why not try it right now? I'm running this app so I can upload the videos that I'm editing, and I'm showing you this playlist. All the videos that I'm going to do in this app are going to be here. Let me introduce. I don't know how good all these videos are.
