Simple setup and interface After setup and interface the program opts for a normal window with a slightly dated look, yet neatly organized structure, where you can add as many videos as you want to the tasks list, thanks to

the fact that batch conversion jobs are permitted. Setting It up Takes minimal time and effort, since there are no unfamiliar options, software requirements or third party bundled in this freebie. When it comes to the interface, FLV Converter Torrent Download opts for a normal window with a slightly dated look, yet neatly organized structure,

where you can add as many videos as you want to the tasks list, thanks to the fact that batch conversion jobs are permitted. Preset quality or customized settings You can set the saving directory of the new FLV files, along with the quality between very low, low, medium, high, and very high. Otherwise, you can set the audio bit rate (32 or 64kbps), video bit rate

(ranging from 32 to 4096kbps), frame rate (7, 15, 24 or 30), frame size (ranging from 128x96 to 2048x1536) and aspect ratio (4:3 or 16:9). Produce FLVs from videos in bulk

You can remove any entry from the list if you change your mind or clear the entire queue to restart the task from scratch, as well as stop an ongoing conversion job if it takes too long. A notification

message pops up to let you know the job's over. Afterward, you can open the new FLV files in your media player to compare quality. French site Gamasutra points out that if you buy all the downloadable content for Assassin's Creed III, you'll need to shell out a total of \$90. That's nearly 10 times the price of the base game. And that doesn't even count the optional side-

assassination missions. If you're already a devoted Assassin's Creed III fan, though, you may find this a steal. The content includes costumes, weapons, glider and ship skins, a fifth-level cape and belt, and more. The glider lets you travel the web of Assassin's creeds and free-fall back to the ground.
