A new, more tactical experience for The World's Game – FIFA Ultimate Team combines the depth of gameplay found in FIFA 21 with a brand new take on player progression. Create your dream squad by unlocking new players with real-world tokens – all by spending the hard-earned cash you earn from playing matches. Improved Player Intelligence – The new Player Intelligence AI ensures you make better decisions on the pitch, reacting to every change in a match, adding an authentic layer of human personality and emotion to the way you play. It's all about making the right decision – whether that's a pass, a tackle, or a goal. Whose the Coach? – Edit your club name, kit colours, and stadium style, before taking on the roles of head coach and player in the post-match warm-up, and on the pitch. Talk to your players, raise their morale, and make sure they're happy and healthy. There are real-world consequences for your actions – so don't be a ruthless dictator. Team of the Week – Performances in group and knockout matches are captured by FIFA, and you can still submit your own selection of the best from the week. FIFA Real Club Replay – Return to some of the most iconic stadiums in the world with FIFA Real Club Replay, adding something extra to each stadium experience, whether you're flying your team jet into Barcelona, or taking the team bus into the Maracana. Ultimate Team Titles – Earn your club's Ultimate Team Championships, as you compete for titles across the globe. A new weekly tournament system allows you to pull out the stops and prove you're The World's Game. FIFA SkillShot – This first-of-its-kind feature is all about scoring from distance, with different goals to target, and more stages. Burst out of defence to collect a knockdown, be brave, and pull off some outrageous free-kicks. Or see if you're up to speed with FIFA Training Centre, as you work on your shooting, dribbling, and decision making. What's New in FIFA 22 Titles – As you play through your career, your club will earn trophies to unlock, including the UEFA Champions League, UEFA Europa League, and FIFA Club World Cup. FIFA (short for FIFA Interactive/Football) is the world's leading sports video game series. Developed by EA Canada and published by EA SPORTS, FIFA games span multiple platforms and feature real-world teams, players and stadiums. Why does the game have so many official licenses and official partnerships? The world of soccer is unique in that it's a global game with millions of passionate fans worldwide. It's a game that inspires in-depth, global competition that provides a number of unique opportunities, such as official kits, club associations and leagues, and official partnerships. Why do the licenses have to be so limited? If you've ever played a soccer video game, you understand the mechanics of playing soccer. You can only control what you control, and there's a large and distinct skill set involved in playing soccer. FIFA offers players of all abilities a fun way to experience the sport they love. What are the game's game modes? There's the usual FIFA experience – which includes all popular FIFA gameplay modes, as well as the ability to create and manage your own clubs. The FIFA series also includes FIFA Team Modes, which allow you to play your favorite real-world teams. Lastly, FIFA Ultimate Team modes let players build a team full of the greatest players in the world. How can you use FIFA Ultimate Team Modes? With all in-game modes, your experience is going to be different depending on how you play. This game was developed with sophisticated simulation that replicates the best aspects of soccer – teamwork, skill and passion – and provides the best feedback in sports games. How do the game modes work? Success comes with the game. Players must earn the respect of their club, their teammates, and their fans. At the same time, they must perform well in all their official game modes. Each mode tracks and compares a player's and club's performance against other players. In FIFA, every player's statistics are unique. His attributes, and achievements earned through gameplay, match his personality. What are the game's social features? Social features in FIFA help you get to know your friends and strengthen bonds through gameplay. The Web Connect feature lets friends build friendships and trade on-line items. What are the game's new features? FIFA
