This is the very first in a series of blogs I will be writing over the next few weeks while I am taking a holiday break from teaching. They will be interesting, and hopefully informative. So, I hope you enjoy them. I don't often make resolutions, but I always make New Years resolutions, so this year I chose to have a reading holiday. What can I say, I am very bookish ? I have mentioned before that my love of books started in secondary school and it really escalated in university. I devoured books at university, and I don't think I have stopped. During the holidays, I will be curating a series of holiday reading choices on my Instagram feed, as well as posting interesting links from all over the internet. Why is reading a holiday? It's something I always liked doing, and over the last year, especially with reading, I feel like I have become stronger as a reader, or more comfortable with my reading choices. There are no rules, no self-imposed restrictions that make me feel like a book worm. I am free to just read for fun, without worrying whether I have read the 'right' books, or whether I have read enough books of that genre. It is also something I do with my children and other adults, and I enjoy the sharing of literature with others. Of course, it does make sense that you need to have your books somewhere, because you also need somewhere to put them. I am thinking of the built-in storage solution for my books, that I have mentioned many times before. You should see what it looks like in my bathroom - it's a thing of beauty. Now I think I will go and make a coffee (as though it is the weekend) and mooch through the files on my computer.

The effect of different load alterations of a self-ligating bracket system on tooth-bracket-bone resistance: a finite element analysis. The aim of this study was to evaluate the influence of different loads on the stress distributions in the bone, the opposing tooth, and the attachment of the bracket. A reverse curve was applied on the bracket slot, which was fixed to the bone. To analyze the effect of different load levels, a tension, a compression, and a compressive-tension load of 20 and 100 N were assigned to the bracket. The bracket slot was subdivided into three parts, and the length and width of

"I hope I can help this group and make it more comfortable in the future," said Caps forward Filip Forsberg to NHL.com. "It's a big responsibility when I play in this building. I should be strong and try to make the guys better around me." Forsberg will receive a limited-entry tryout, which will start later this week, as he seeks to fight for a roster spot. The Caps signed Forsberg to a two-year, entry-level contract last August. "We're kind of looking to see if he has the ability to be good for us, and if he can help us play at the next level," said Caps coach Dale Hunter. Forsberg, who played at the University of Minnesota Duluth, was the fifth overall pick in the 2013 NHL Entry Draft. He has 15 goals

and 46 points in 42 games for the club this season. The Caps open up a three-game road trip this week against the Flyers, Rangers and Maple Leafs. Alex Ovechkin contributed 13 assists in 18 games, including a four-goal game against the Rangers on Nov. 14. He has 37 goals and a career-high 68 points in 64 games this season.

Agile (band) Agile were an alternative rock band, formed in 1997 in Melbourne, Australia. They disbanded in 2001 and have reformed as a name-checked hip hop duo.

Biography The band formed in 1997 with the name Agile, after two friends (Ben Godsell and Brad Sennant) sent each other a new band name in the post. The original line-up consisted of Brad Sennant (vocals), Ben Godsell (guitar) and Ryan McHenry (drums), and they released a four-track EP, *Girls Like Heroines*, in 1998. This was followed by the single "It's Not Easy", which was distributed by the U.K. indie label Fierce Panda Records and which had some strong indie radio airplay. In 1999, the band released another EP, *Let Them Eat Dynamite*, and the single, "Whilst He Slaves", to coincide with the release of the band's debut album. The band then signed to record label Poppytalk records and in 2000 released their second album, *Talking About Girls*, which featured contributions from The Bumpers and a guest appearance from *Girls Like Heroines* drummer Lachlan Mitchell (of Regurg
