Star: LiveAndSilent Auction Software 1 Star: Liveauctionsoftware - Bidden.net reseller Q: How to make a single contact form? Using wordpress, trying to build a simple contact form that would allow a user to input all their information once. Would like it to be something on this order, but let me know if it needs to be something entirely different. Fields (like email, name, subject, what not, etc) Preview (to see if the form was completed correctly) Submit and recieve email notification. To be honest, I have no idea where to start with this... A: There is no need for a third party framework to do this. Wordpress can easily handle this. b7e8fdf5c8
