How can I append a text after a certain point? The function where I want to do it could be any part of the code. Note: I'm using eclipse Juno. A: Put this line in your method and you should be fine. Then there was Axl's drug problem. He spent a lot of time in rehab. He was sober for a few years. He had a number of legal issues. He had his first real collaboration since "Appetite for Destruction" with "No More Tears." Despite all these things, GUNS N' ROSES endures. Look at all the tattoos. Look at that Mohawk. Listen to those fantastic songs. These are all testament to the spirit of the band. Despite all the problems, the record sales had to be pretty good. Still, it's hard to get past Axl, the GNR guitarist who went into the legal system, and eventually came back, for the band to do so. As the guy who started a band with Slash, the guitar player, Axl became the frontman. Slash went to
